Processing sector

Turnover

Total turnover
£3.4bn

Jobs

Almost 19,200
jobs in total

Processing sites

353
sites in UK

Scottish processing sector

Sites are
concentrated in
Aberdeen area

About 40% of
Scottish processors

Workforce nationality

Workforce nationality

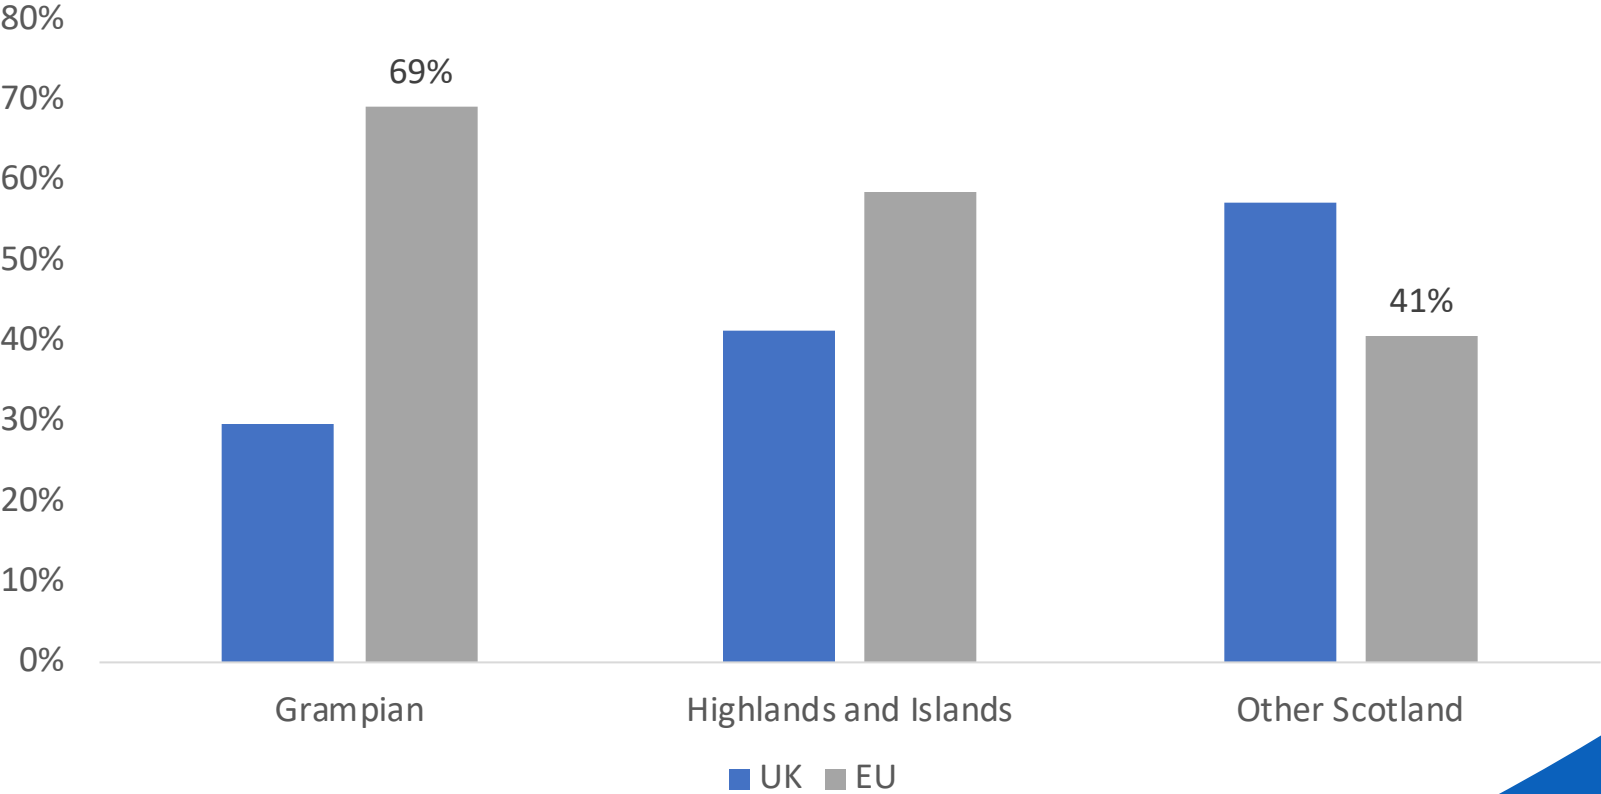

Scotland

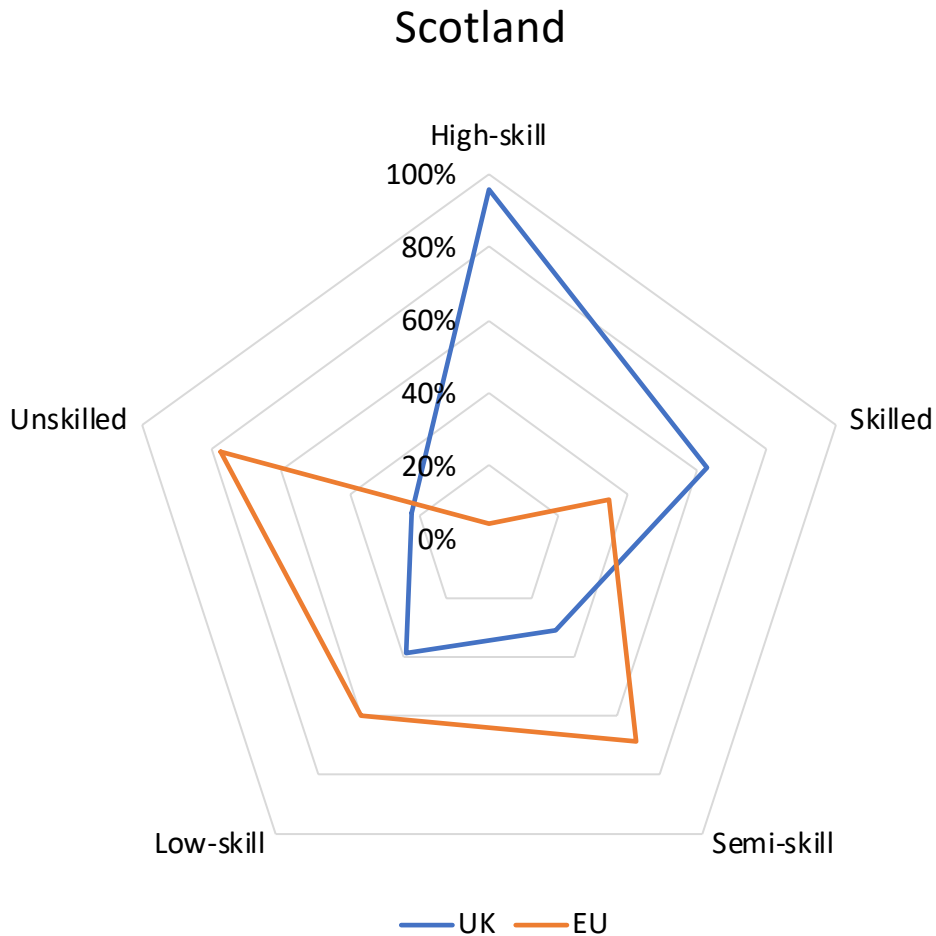

UK

Workforce nationality across Scotland

Nationality and skills

EU workers make up:

- 77% of unskilled positions
- 69% of semi-skilled positions
- Only 4% of high-skilled positions

The impact of Brexit?

“The business would incur serious problems if the EU-exit had a negative impact on labour availability as the business is hugely reliant on foreign workers.”

– Processor in Grampian

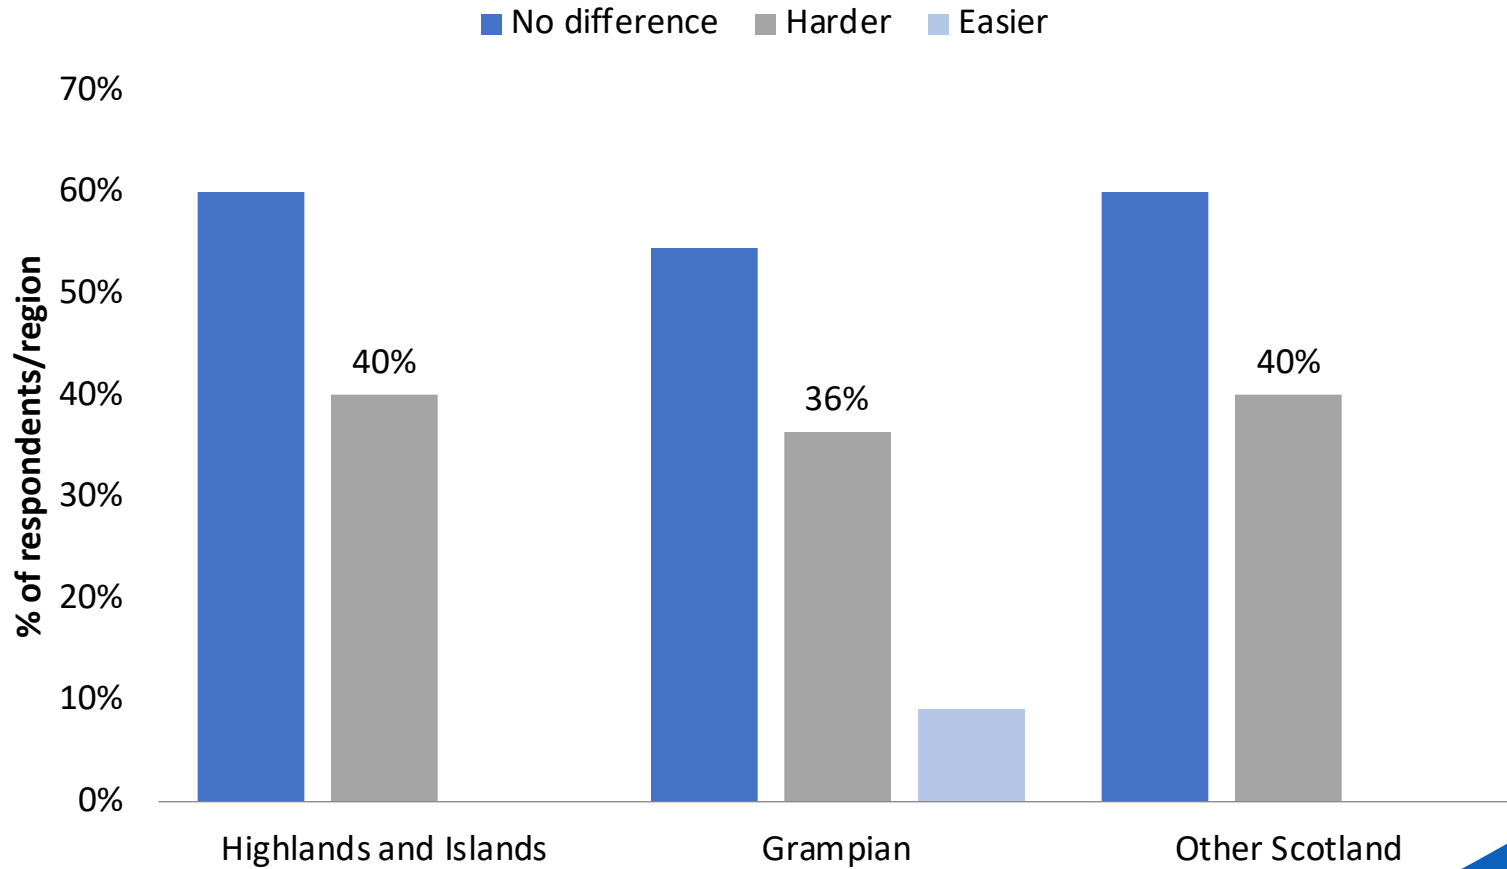

Ease of recruitment

April-June 2019 vs Jan-March 2019

Ease of recruitment

Time to fill vacancies

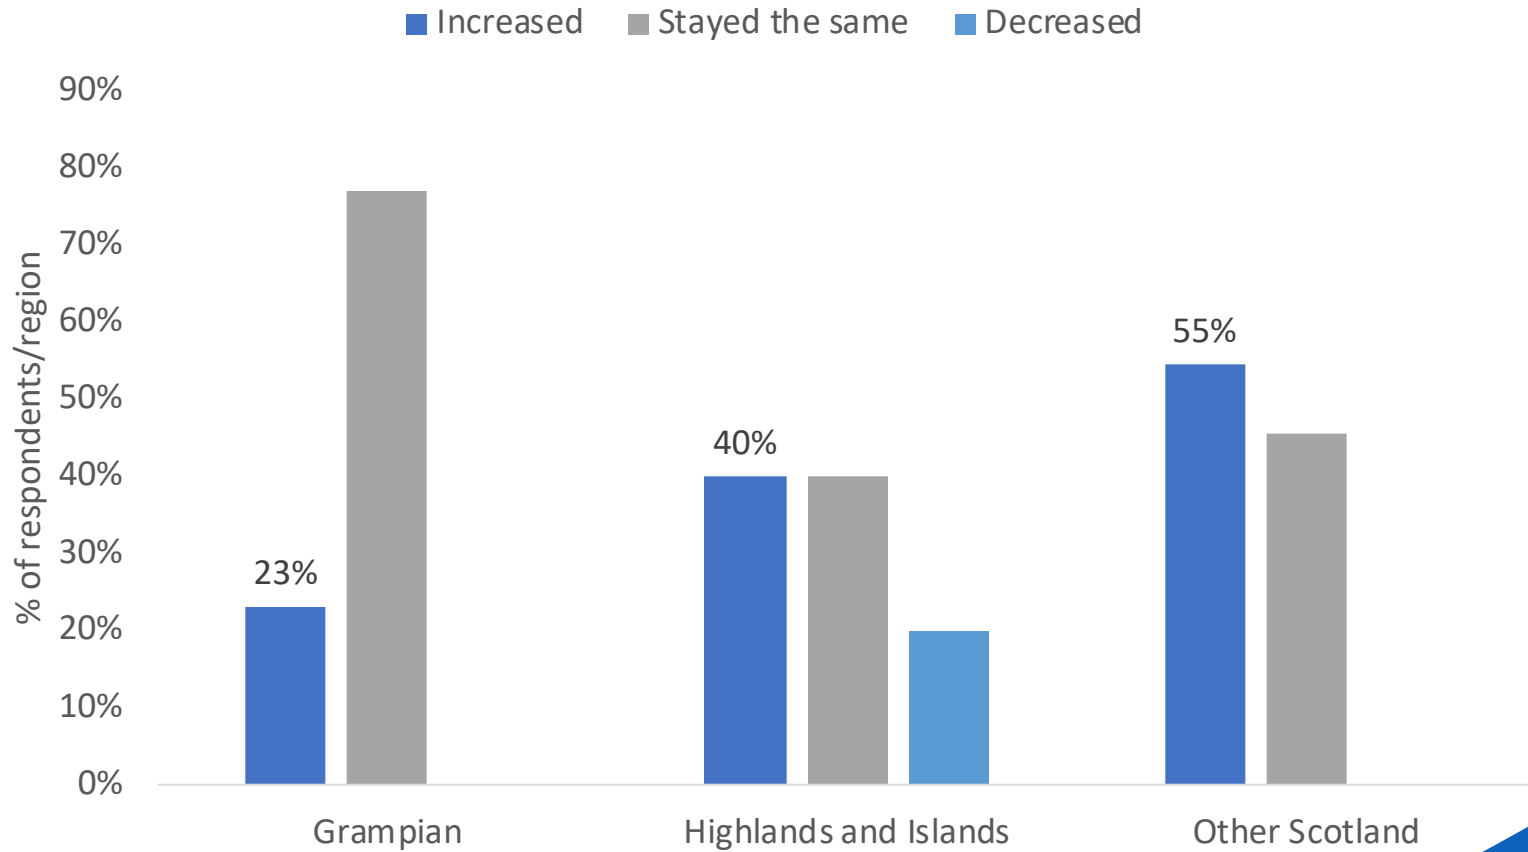

April-June 2019 vs Jan-March 2019

83% of advertised positions were filled in the period

Time to fill vacancies

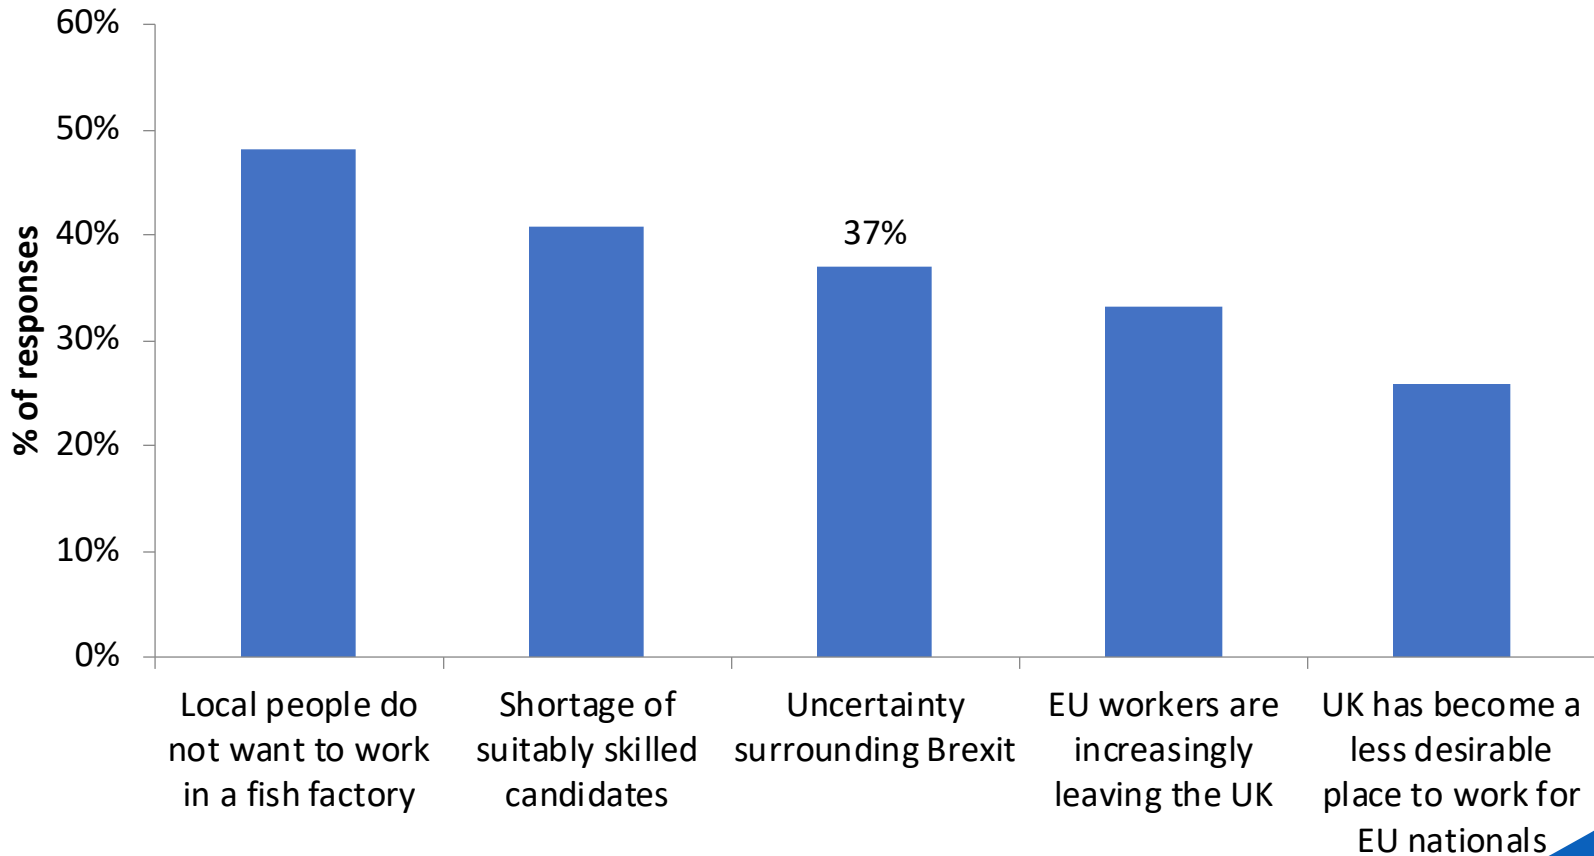

Net migration

Overseas to Scotland

Source: NRS

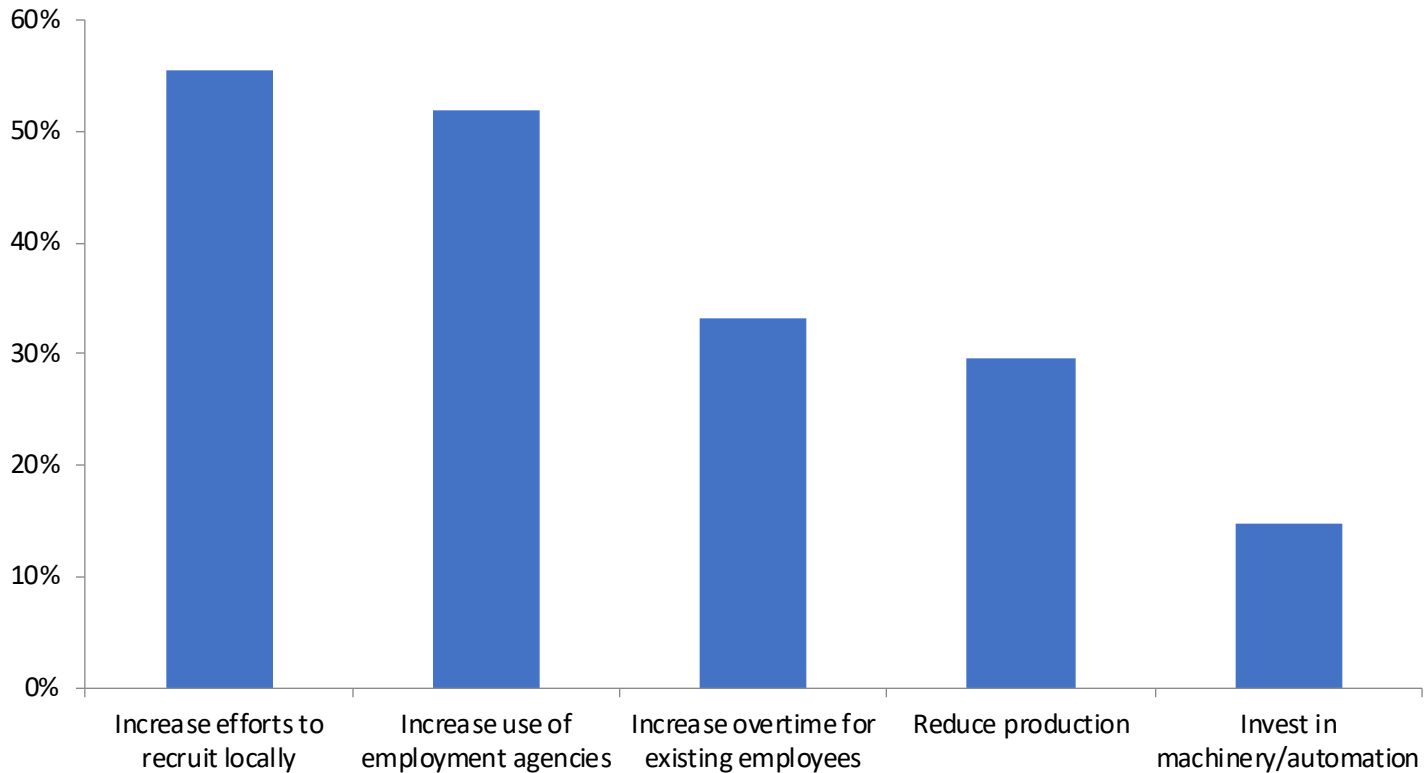

Factors affecting recruitment

Barriers for recruiting British staff

Adaptation strategies

The labour challenge

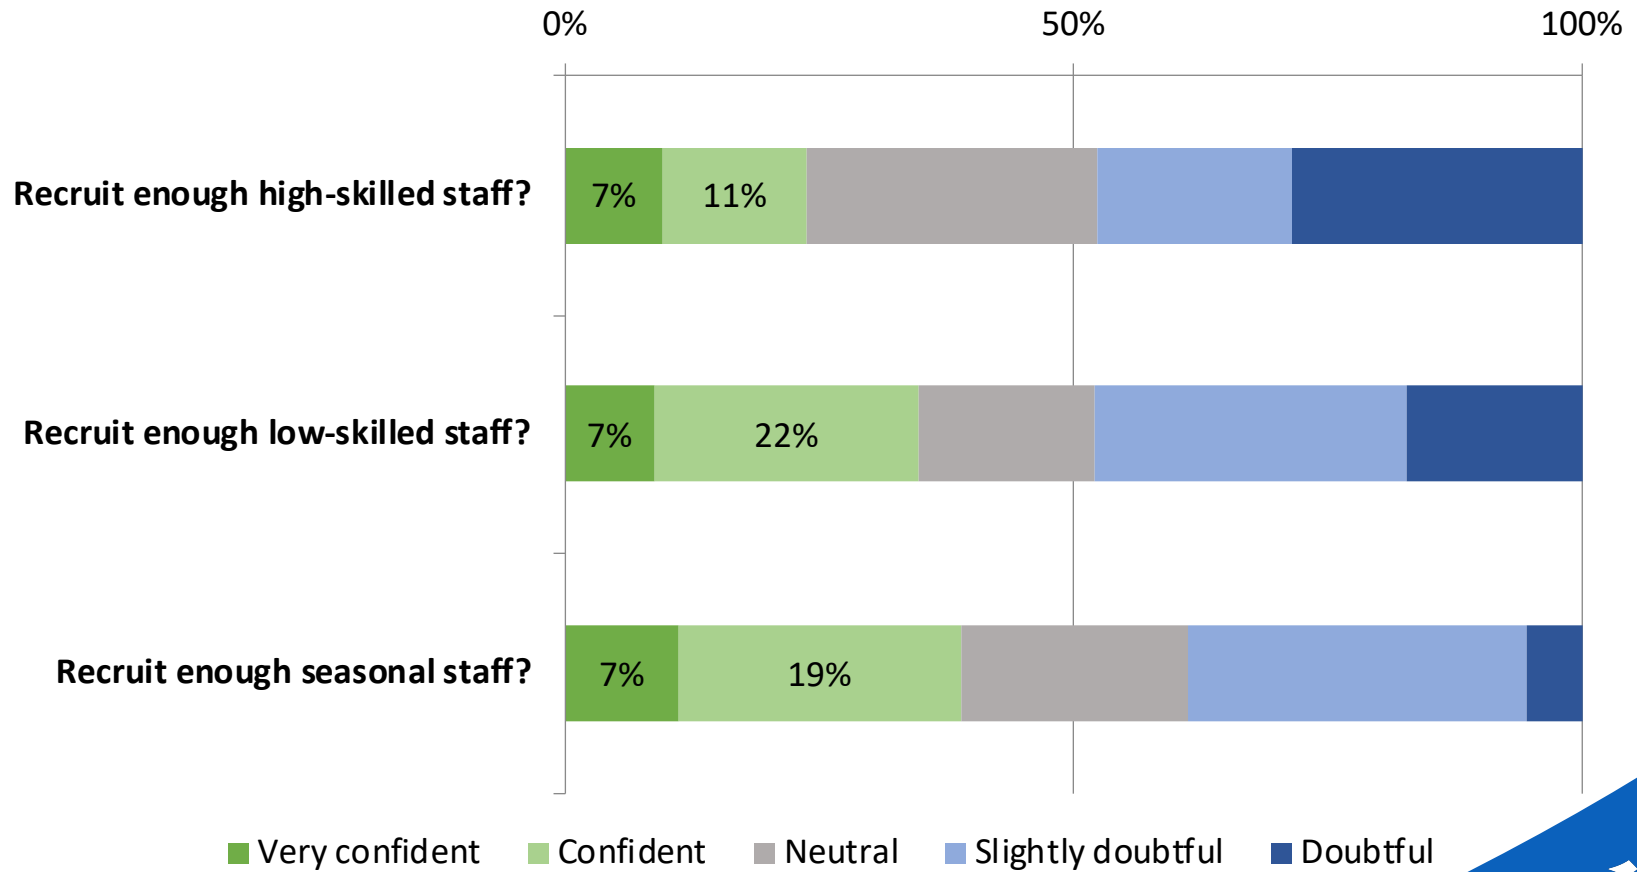

- Typically low-paying jobs
 - £7.50-9.00/hour
- Work is often cold and wet

“It is just hard to get young local people involved.”

– Processor in Other Scotland

Processors' confidence in their ability to recruit staff

Processors' confidence in meeting planned levels of production

Catching sector

Turnover

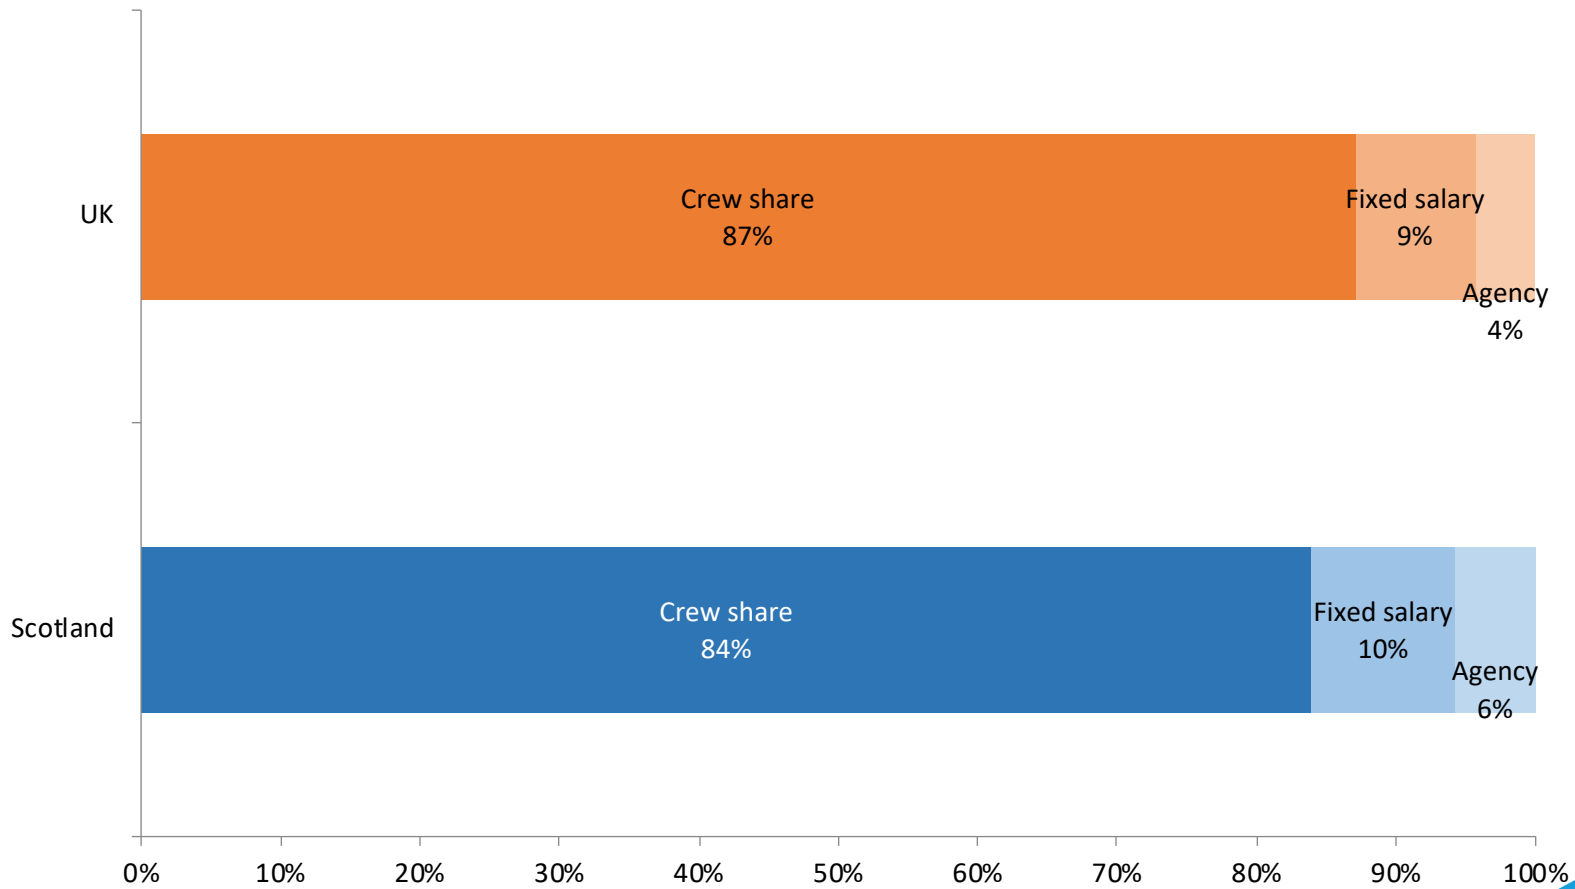

Total turnover
£1bn

Workforce nationality

Remuneration methods

Challenges for industry

- Vessels that operate outside the territorial sea (12nm) can recruit non-EEA labour
 - An unfair competitive advantage for vessels operating outside 12nm
 - Non-EEA workers typically earn less
- Scotland has more non-EEA workers than rest of UK
 - ... and fewer people on crew share system
- Future immigration policy should to be fair and transparent

Thank you
